

Sling systems from Horcher
Quality for your security

At a glance.

Simple, quick and in brief ...

Mesh

Very strong – ideal for bathing and dries quickly.

Nylon-polyester

Very durable – for everyday use.

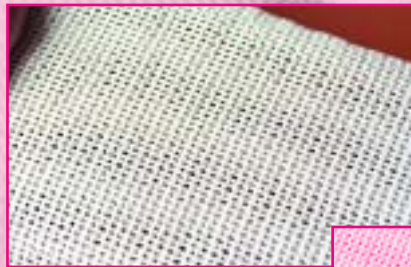

Parasilk

Latest fabric, kind to the skin, slides on and off easily.

Padded fabric

Squared padding for added comfort e.g. in the shoulder and leg area.

Aerotex

Material which reduces slipping providing added security.

Lambswool

Very soft and ideal for people who are especially pressure sensitive.

Clips

Easy to use, our patented clips provide the utmost security.

Grip

Positioning handles – easy to access.

Head support

Supports – for that extra security and stability in the neck and head area (removable).

Loops

Well known system and compatible with most lift systems.

XS S M L XL

Our slings are available in a range of sizes and can also be designed to meet individual customer needs.

Horcher – top quality lifts and slings.

Horcher has been designing and manufacturing products for the elderly and disabled for more than 15 years. We are passionate about comfort and safety and that applies equally to caretaker and patient. That passion and our commitment to offering the most comprehensive range of options to meet the individual requirements of our customers has led to Horcher becoming one of the market leaders in Europe and North America.

One of our manufacturing facilities near Frankfurt.

Lifts and slings must always be 100% reliable. Our customers need the peace of mind when using a product on a daily basis that can only be guaranteed by attention to detail and strict quality control.

We only use the very best materials and employ highly skilled sewing technicians to ensure the longest possible lifecycle of our slings.

We offer the most comprehensive product line of slings, and your local authorized Horcher distributor will be more than happy to advise you on the best solution to fit your individual needs.

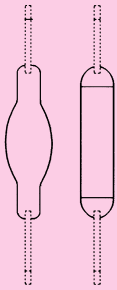

UPG-1

Two piece quick sling

Two part back and leg sling is ideal for wheelchair users with a degree of mobility who can use it independently.

Slip resistant aerotex guarantees a safe grip. Also available with fleece cover for added comfort.

M

Mesh/Aerotex

Fleece cover

Loops

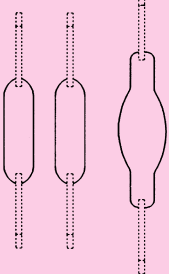

UTK-1

Three piece quick sling

Similar to the UPG-1 above but with two leg pieces making it ideal for toileting.

Also available with a fleece cover.

M

Fleece cover

Loops

USS-8 to USS-12

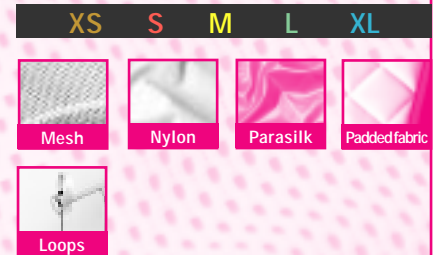

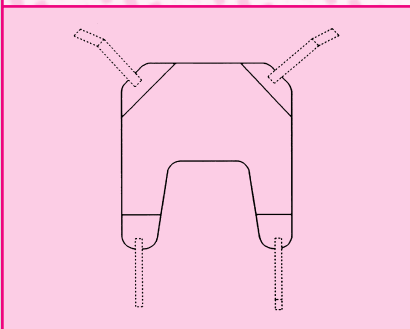

Universal sling

A truly multipurpose sling ideal for transfer, bathing and toileting.

One of the simplest and most cost effective slings.

Each leg is supported by an individual leg strap making it easy to apply while seated.

These slings are designed for patients who do not need head support.

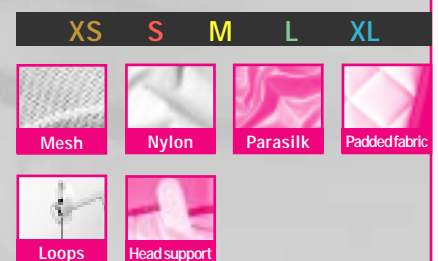

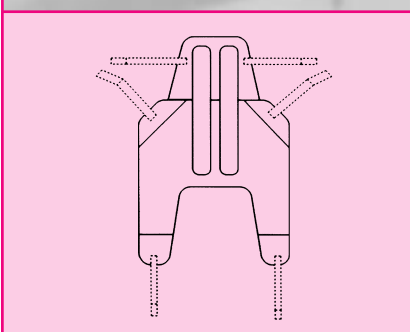

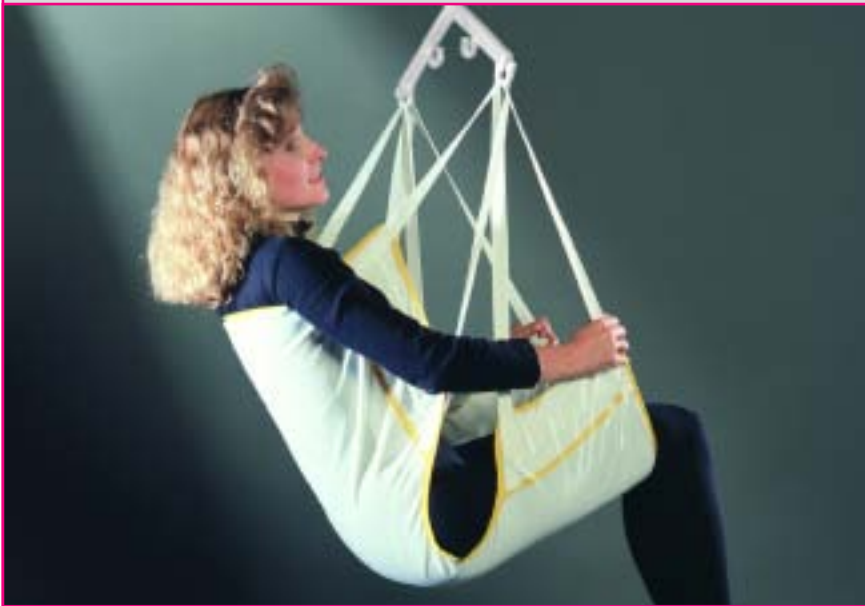

USSK-8 to USSK-12

Universal sling with head support

Similar to the USS line as described above but with head support.

The supports can easily be removed for ease of laundering.

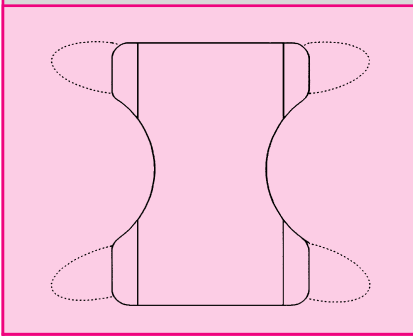

USB-9 to USB-11

Double amputee sling

Full bottomed sling specially designed for amputees.
