

As the owner of an accessibility lift, you are responsible for maintaining your equipment on a regular basis to ensure its safe operation and to minimize future repair or replacement costs.

- Let our factory-trained and experienced technicians perform complete overviews of your lift to find and repair any smaller issues before they become a problem.
- Service maintenance agreements not only save you money, but provide you with the peace of mind in knowing your lift will be taken care of by a team of trained and certified professionals!

## Planned Maintenance

**Protect Your Investment with  
Manufacturer Recommended  
Service Plans from  
Extended Home Living Services**

Our comprehensive Planned Maintenance includes, depending on your equipment:

- Voltage checks on the battery and charger to ensure you won't be surprised and unable to use your lift.
- Seat swivel check and lubrication.
- Safety switch checks on your lift to ensure they still operate as intended
- Thorough cleaning of charge contacts on the rail and charging station.
- General checkup of your rails to ensure the chair continues to move smoothly.
- Lubrication of lift parts to keep the gears turning behind the scenes.
- Adjustment of rails to keep your lift running as seamlessly as possible.
- Testing the lift while moving to ensure proper operation.
- Belts tightened.
- Remotes, hand controls, and call/send stations will be checked.
- Rails will be checked and tightened, as
