

EHLS

Commercial Solutions For Churches, Schools & Offices

EHLS has over 25 years of experience in commercial elevators and lifts.

We have installed thousands of elevators and lifts in schools, churches, restaurants, offices, and other public buildings.

- Experienced consultants who understand local, state, and federal construction and accessibility standards, and how to incorporate a lift or an elevator into your project.
- Field project managers and trained technicians will ensure that your project is installed smoothly and professionally.
- We represent a variety of manufacturers to ensure the right product for your facility
- Licensed in Illinois, Wisconsin and the City of Chicago
- Architect CEU presentations available by request.

COMMERCIAL SOLUTIONS

- Vertical Wheelchair Lifts
- Inclined Platform Lifts
- Dumbwaiters
- LULA Elevators

Call for a complimentary planning & design consultation for your project or to schedule a CEU program.
