

Ramps

STAIRLIFTS / WHEELCHAIR LIFTS / ELEVATORS / RAMPS / PATIENT LIFTS / BATHROOMS

EHLS[®]

Accessibility Solutions Since 1991

Since 1991, EHLS has made getting in and out of the house much easier. Our years of experience will help you choose the ramp that best fits your specific needs.

Aluminum Modular:

- Open weave surface which allows for snow, rain, and ice to fall through
- 1000 lb. weight capacity
- Installs in hours
- Flexible system allows you to make adjustments in the field
- Proudly made in the USA
- No maintenance
- Two-way traction

Wooden & Concrete:

- Customizable to the specific site
- Typically require a building permit
- Natural look
- Lower cost option for longer ramps

Portable & Rentals:

- Ideal for short rises
- Easy to store and transport
- Proudly made in the USA
- Comes in a Single-Fold or Multi-Fold
 - ✓ 600 lb. weight capacity
 - ✓ 30 in. width platform
 - ✓ Available from 3–12 ft. long

Serving the greater Chicagoland area, Northwest Indiana, & Southeast Wisconsin for 25 years!
